TEXAS LEGISLATIVE INTERNSHIP PROGRAM

**Sponsored by
State Senator Rodney Ellis**

The Texas Legislative Internship Program (TLIP), begun in 1990, is sponsored by Texas State Senator Rodney Ellis. TLIP is administered by the Mickey Leland Center on World Hunger and Peace at Texas Southern University. The program provides opportunities for undergraduate, graduate and law students to serve as interns in the Texas Legislature, state agencies, and in local government.

Students receive a minimum of six and maximum of fifteen academic credit hours for participating in TLIP, which combines academic study and research with supervised practical training. Interns are responsible for their academic admissions and enrollment in the necessary courses. A TLIP internship lasts for one academic semester and affords students an opportunity to experience public service firsthand. Undergraduate and graduate students interested in the political process and in the kind of humanitarian values exemplified by the late Congressman Mickey Leland are encouraged to apply for the internship.

Senator Ellis serves as advisor to the interns, while his office assists in coordinating on-site activities. During legislative sessions, TLIP interns are placed in the offices of ranking members of the Legislature as well as other elected officials, such as the Governor, Lieutenant Governor, and the Chief Justice of the Supreme Court. Between legislative sessions, interns serve in the offices of elected and appointed officials at the municipal, county, and state levels, such as the Harris County Judge, city council members, and the Mayor of Houston. Working at these levels provides unique opportunities for interns to interact with officials and to acquire firsthand knowledge of critical issues facing our community and state.

Interns are involved in all facets of the governmental process. They are exposed to the legislative process of both houses of the Texas Legislature. They view county and municipal government from the ground up. Their experiences often serve as the springboard for selecting public service careers. In fact, many TLIP interns continue to work in public service at the federal, state, and local levels of government as well as key positions in the private sector.
